Our tour leaders include such outstanding birders as Ben King, Ted Parker, Dan Gibson, Terry Hall, John Edscorn, Terry Wahl, Steve West, Bob Janssen, Dora Weyer, Steve Hilty, Rich Stallcup and Jim Tucker.

Birders with experience who have taken other tours praise BIRD BONANZAS' tours as the best:

"I've been on several organized tours in the past and yours far and away surpassed the others for showing the birds and showing them well. Virtually all the birds were seen by all the group and really seen to one's satisfaction for good lifelist identification. The leadership was superb and the group was most congenial and eager."
Dr. Robert Pittell, Ft. Lauderdale, Fla.

"I took a fair number of birding tours with other agencies before I took my first BIRD BONANZAS tour in January, 1974. Since then I have taken five BIRD BONANZAS tours. They consistently find more birds than the others, and I recommend them to enthusiastic birders."
Norman Chesterfield, Wheatley, Ontario

If you have an enthusiastic interest in birds, there is no better way to see them than on a BIRD BONANZAS tour.
